

M&S Amplifier Auto Switcher

DS-AS1000

Key Features

- Switching M/S Amplifiers automatically when one becomes fail comes in
- 4 individual channels with AUTO CHECKING & SWITCHING function
- Manual switching function available
- Status indicator visually

Specifications

Model	DS-AS1000
Inputs	Mic: 2 mV, 10 k Ω ; Line: 0 dBV, 10 k Ω ; Alarm: 0V / +24V(or open), 0 V (short circuit) is valid .
Output	SIREN or Recorded Message: 0 dBV
Rec.	IC inside, 60 s.
Frequency response	100 Hz---10 kHz
Protection	AC fuse \times 1
Power Requirement	AC 220 -240 V / 50-60 Hz
Dimensions	485 \times 88 \times 365 mm
Gross weight	6.5 kg
Net weight	5.2 kg
