- VFD display
- Can select any song or any paragraph for play
- After the POWER ON it will play in order automatically

Description

The setup can play CMF format such as CD, MP3, VCD, DVD ,etc. In this equipment the mode to provide CMF for setup has CD, MP3, VCD, DVD dishware and mobile hard disk which connected with USB jack, etc . When this two supply modes concurrence in equipment ,the equipment will read and play the CMF on dish first; when the dish is taken out from dish storehouse , the equipment will read and play the MP3 CMF which connected with USB port again; while setup is playing MP3 CMF on the mobile hard disk now. At this moment if another dish is put in the dish storehouse, the equipment will read and play the CMF on dish once again.

Specifications
